Applicant's arguments filed 7/24/2006 have been fully considered but they are not persuasive with respect to the 35 USC 102 rejection of claims 1-32.

Applicant's argues that nowhere does the Edelman reference teach the receiving steps of claim 1 of the instant application, especially the receiving of an electronic confirmation form the grantor over the computer network to establish the trust with the conveyed funds. Examiner disagrees. Edelman discloses receiving an electronic confirmation from the grantor over the network establishing a trust with the funds in cols 1, 5 and 8-14.

***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
